ALASKA HOUSING FINANCE CORPORATION

“HOUSING FOR ALL ALASKANS”

The Alaska Housing Finance Corporation is a self-supporting, non-stock corporation owned by the State of Alaska.

The Corporation's mission is to develop and implement fiscally responsible policies and innovative programs that meet statewide housing needs. In order to achieve this objective, AHFC purchases home mortgages from private financial lending institutions operating in Alaska. Additionally, in 1991, AHFC began to develop partnerships with statewide housing agencies and non-profit corporations to finance special needs and multi-family low-to-moderate income housing.

AHFC promotes energy efficiency of housing throughout Alaska. AHFC’s Low-Income Weatherization Assistance Program has awarded more than $105 million to make over 30,000 homes safer, healthier, and more energy-efficient.

On July 1, 1992, AHFC assumed the responsibilities of the public and rural housing in Alaska. Under federal programs, AHFC currently operates 1,705 public housing units and subsidizes rents for 2,720 families in 14 communities statewide.

Since making its first loan in 1972, AHFC has provided financing for more than 138,000 single-family and multi-family home loans, stimulating the investment of more than $13.6 billion in communities across Alaska. As of July 31, 2002, AHFC holds 30,225 mortgage loans throughout Alaska.

A seven-member Board of Directors oversees the Corporation. The directors include the following:

- the Commissioners of the state departments of Revenue, Health & Social Services, and Community & Regional Affairs
- members with expertise in finance or real estate, residential energy efficient home building or weatherization, senior or low-income housing
- one member who is a rural resident or who has experience with a regional housing authority

The Alaska Housing Finance Corporation’s Mission Statement:

“AHFC provides Alaskans access to safe, quality, affordable housing.”

PLEASE NOTE:

1. CPR (Constant Prepayment Rate) is the annualized probability that a mortgage will be prepaid.
2. PSA (Prepayment Speed Assumption) was developed by the Bond Market Association as a benchmark for comparing historical prepayment speeds of different bonds.
3. Prepayment rates are calculated since the bond funding date and include partial and full prepayments and repurchases. Bonds funded before 1994 ar calculated since the cutoff date of January 1994.
4. Loan balances refer to loans with outstanding balances that are either current, delinquent, or unsold real estate owned loans. The prepayment history includes sold real estate owned loans and loan disposals.
5. Housing Development Bonds are structured around specific projects and have restricted prepayment schedules.
6. The weighted average seasoning is based on the average age of all loans pledged to the payment of the bonds. Loan transfers may result in an adjustment to the weighted average seasoning of the series.
7. CPR and PSA figures for 3-Months, 6-Months, 12-Months and Life are simple averages based on the SMM (Single Monthly Mortality) rates over the respective time period.
8. E001A and GP01A Bonds were funded with seasoned mortgage loan portfolios.
9. The prepayments and rates given in this exhibit are based on historical figures and in may not neccessarily reflect future prepayment speeds.

RURAL PORTFOLIO ANALYSIS

This report has been prepared to provide information on the Alaska Housing Finance Corporation, Rural Housing Loan Fund. Included is background information on the history of the fund, descriptions of the current programs funded by the AHFC, and general statistical data.

Background

The Housing Assistance Division was created with the Department of Community and Regional Affairs by the 1980 Legislature, (Chapter 120, SLA 1980) to administer the Nonconforming Housing Loan Program. Loan funds were to be distributed on a statewide basis with emphasis on rural Alaska. Administration of these loans was primarily through seller-servicer agreements with financial institutions. The initial mandate from the Legislature was twofold; (1) to form a central office; and (2) to offer loans for nonconforming housing. First year loan funds were appropriated at $10 million.

The 1981 Legislature continued funding the Nonconforming Program at a rate of $40 million and directed the Division to divide such funds between rural and urban Alaska at an 80/20 percent ratio. The Legislature further directed the Division to offer funds directly to eligible borrowers who could not otherwise get service in rural Alaska (Chapter 82, SLA 1981). This mandate was known as direct lending and was instituted by the Division.

The Nonconforming Loan Fund was renamed the Housing Assistance Loan Fund during the 1982 Legislature (Chapter 113, SLA 1982). This fund combined the Nonconforming Loan Program with the Alaska Housing Finance Corporation (AHFC) Rural Mortgage Purchase Programs for both owner-occupied and nonowner-occupied loans. An FY82 appropriation to the newly combined Housing Assistance Loan Fund was in the amount of $45 million bringing total appropriations to that date to $95 million.

From 1980 to 1992, the Rural Housing Loan Programs were part of the Department of Community and Regional Affairs (DCRA) and had various names during those years. On July 1, 1992, the Division was merged into the Alaska Housing Finance Corporation (AHFC).

The definition for “rural” has changed periodically throughout the years. Rural loans include properties located in small communities throughout Alaska. In 1998, the Alaska Legislature passed HB230 which defined “small community” as a community with either a population of 6,500 or less that is not connected by road or rail to Anchorage or Fairbanks, or a population of 1,600 or less that is connected by road or rail to Anchorage or Fairbanks. AHFC further defines “small community” to exclude those areas within 50 statute miles of Anchorage and 25 statute miles of Fairbanks.
