I. Introduction

B. Overview

Our mission is to provide Alaskans access to safe, quality, affordable housing. Fiscal year 2025 provided AHFC with its seventeenth year as a Moving to Work agency. Available affordable housing continues to be a challenge to the families we serve, our staff, and our community as a whole. We worked through these challenges and focused on the fundamentals of our programs and our three statutory goals:

- Reduce cost and achieve greater cost effectiveness in federal expenditures;
- Create incentives for families with children to work, seek work, or prepare for work and become economically self-sufficient; and
- Increase housing choices for low-income families.

B.1 Overview of Short-Term Objectives

These goals describe our desired destination – where PHD wanted to be at the end of FY2025. They translate our vision into a more focused, actionable set of outcomes. Below is a recap of our FY2025 goals and highlights from each of those goals.

- Maximize financial performance, preservation, and leveraging of existing housing portfolio. PHD will assess and implement strategies that will create financially sustainable housing that meets the needs of low-income Alaskans.
 - Completed lighting system upgrades for longevity and energy savings.
 - Ongoing replacement and commissioning of mechanical systems.
 - Systematic replacement of underground heating oil tanks nearing end of useful life.
 - Continuation of Building Monitoring System installation and analysis.
 - Siding and window replacement projects.
 - Portfolio roof inspections underway.
- Achieve operational excellence.
 - Housed over 10,000 Alaskans per night by maintaining voucher utilization and statewide lease up of public housing units.
 - Implemented a robust landlord appreciation program to recruit, support and retain rentals for voucher families. AHFC has approximately 678 landlords participating in the landlord appreciation program in FY25.
 - Co-located two public housing offices and created a facilities warehouse to manage maintenance materials for public housing properties and staff.
- Increase staff development and capacity.
 - Conducted an in-person statewide staff training in September 2024 focusing on Imagination and Innovations. Sections focused on EIV policies, team cohesion and the neuroscience of leadership, effective communication, demystifying audits, reasonable accommodations and HUD's NSPIRE inspection protocol.

- Continued the PHD Academy training program for all employees to include individualized modules that assess each person’s skills as well as areas to improve for both new and seasoned employees.
- Increase affordable housing opportunities.
 - Awarded funding for 234 units of Sponsor-Based Rental Assistance. These included 16 units of family housing at Brewsters in Anchorage, 45 units at Providence Alaska House in Anchorage for chronically homeless seniors, 30 units of senior housing at Aspen House in Wasilla, 15 units of family housing at Breezy Meadows in Wasilla, 24 units of family housing at Old Mat II in Wasilla, 20 units at Winter Rose in Wasilla for homeless families, 16 units of family housing at Tongass Townhomes in Ketchikan, 40 units of family housing at Borealis Park in Fairbanks and 28 units at Forget Me Not III in Juneau for chronically homeless families.
 - AHFC reopened the New Start Voucher waitlist to aid families transitioning off CARES Act rent relief funding to provide continuous housing affordability. AHFC issued an additional 99 vouchers from the round 2 waitlist.
 - Partnered with the Continuum of Care Balance of State to utilize the 10 Stability Vouchers that were added to AHFC’s voucher administration to assist families experiencing homelessness.
 - Implemented the Foster Youth to Independence Initiative extension to qualifying young adult to assist with housing stability as they continue their efforts toward self-sufficiency through work, education or family development.
- 5. Ensure safety of housing options.
 - Multiple units placed into modernization to improve quality of housing for residents.
 - Releveling and stability improvements for properties in Nome and Bethel.
 - Phased playground replacements underway.
 - Environmental Review 5-year plans in process to ensure project compatibility.
 - Installation of Fire Suppression systems.
 - Ventilation system upgrades underway.

B.2 Overview of Long-Term Goals

These long-term goals describe our desired destination – where PHD would like to be in the next three years. These goals translate our mission into a more focused, actionable set of outcomes. Following are the seven primary goals PHD will pursue over the next three years.

Our long-term goals have been newly developed and have changed from our short-term goals.

- **Right-size Department and Supporting Organizational Structure.** Create job classification and compensation model that enables the successful delivery of programs and services.
- **Achieve and Maintain Optimal Staffing Level.** Realize full organizational potential by streamlining the hiring process and expanding employee development and retention programs.
- **Accelerate Digital Transformation.** Clearly articulate digital strategy that will make meaningful impact on staff workload, relationships with clients and landlords, and PHD's ability to collect, manage, and report on data required to support strategic initiatives.
- **Ensure Safety of People and Housing.** Continue to make the safety of residents, clients, and staff a priority in order to support the mission; with a particular focus on issues related to criminal activity and violence.
- **Reorient Voucher Programs to Meet Changing Community Needs.** Evaluate the changing housing needs of communities, individuals and landlords, and develop new programs or revise existing ones to meet those needs.
- **Develop Framework to Assess the Long-Term Viability of Owned Properties.** Build and foster skill sets and infrastructure that are required to assess the financial condition of individual properties and evaluate financing alternatives.
- **Increase Affordable Housing Opportunities.** Increase statewide affordable housing capacity by leveraging resources and using flexibilities of the Moving to Work (MTW) program and the Alaska Corporation for Affordable Housing (ACAH).

C. Annual Narrative

AHFC has long understood the correlation between education and workforce development have on neighborhood and economic stability. Since 2000, AHFC has awarded educational scholarships to individuals as they work toward financial self-sufficiency. Since that time, nearly 200 education scholarships have been distributed.

“The question isn’t who is going to let me, it’s who is going to stop me”? A success story from AHFC’s Public Housing and Jumpstart Programs

As tenants move in and out of Public Housing, AHFC staff works to process paperwork and turn units for new families to begin accomplishing their goals. On one particular notice to vacate, a special note was written. “P.S. I attached some pictures of me in my cap and gown and a copy of my degree :) I did it!”

The notice to vacate was from RaShawn who moved in as a resident in 2012. RaShawn says before her success, she was homeless with two young children. “My children and I were experiencing an episode of homelessness. We previously were staying with a family member and (then) at Clare House,” RaShawn said. As a single mom RaShawn said transitioning from the emergency shelter for mothers and children to AHFC’s Public Housing then enrolling in Jumpstart was a changing point in her life.

“ALASKA HOUSING PROVIDED ME THE HELP, SUPPORT AND ENCOURAGEMENT I NEEDED TO OBTAIN SAFE, AFFORDABLE, AND PERMANENT HOUSING FOR MY CHILDREN AND ME.” RASHAWN

“The biggest surprise was working with so many staff who truly wanted to see me succeed.” RaShawn says the Alaska Housing employees she worked with throughout her journey were supportive, empowering, and held her accountable so she could achieve success. She called out one employee in particular. Terria Ware made a big impact. RaShawn says Ware was more than a landlord. She was a professional and personal mentor. “Terria was always fair, firm and consistent, because of her I never stopped pursuing more or better, and I never settled,” RaShawn said.

One of RaShawn’s biggest accomplishments was earning her degree in Health Care Reimbursement from the University of Alaska Fairbanks. She decorated the top of her graduation cap. It read, “The question isn’t who is going to let me, it’s who is going to stop me?”

D. Participant Impact Story

A success story from AHFC’s Housing Choice Voucher and Jumpstart Programs to Homeownership

For Megan, participating in Alaska Housing Finance Corporation’s programs has led her on a journey of increased financial stability and has resulted in her achieving her goal of homeownership. Along with a lot of hard work, she credits the Jumpstart program for helping her on her path.

The Wasilla resident and mother of three had just had a baby when she found herself in between apartment rentals and searching for options. She applied for rental assistance and was eligible for the Step program that provides families with up to five years of gradually decreasing rental assistance while they work toward financial independence.

Megan participated in Step for about a year when she was encouraged to enroll in Jumpstart to assist with goal setting, employment and educational opportunities, and financial planning so she can work toward economic independence. It was spring of 2020, and the extra encouragement and financial support couldn't have come at a better time.

"I wrote down my goals and then my advisor helped me create a plan to achieve them," Megan said. "As part of the process, they go through your budget with you and get to know your areas of need. It was very helpful."

As part of the Jumpstart program, Megan received work reward incentives at months 3, 9 and 18 of employment, as well as financial incentives each year to help with tuition and transportation costs. She said this extra financial stability encouraged her to look for additional ways to grow her career.

"The work rewards helped motivate me to stay in my current job and now I've been here for four years and I've gained so much additional knowledge," Megan said.

Enrolled in a course that would open additional doors in her future and established in a job she loved, Megan began working toward another big goal.

"SINCE STARTING THE PROGRAM, MY END GOAL WAS TO PURCHASE A HOME. PARTICIPATING IN STEP AND JUMPSTART ALLOWED ME TO START SAVING MONEY TOWARD THIS GOAL AND MY ADVISORS HAVE HELPED PROVIDE ME WITH THE INFORMATION I NEED."

- MEGAN, JUMPSTART PARTICIPANT, WASILLA

Despite having planned for this purchase for years, Megan said there was still a lot to learn and numerous factors to consider when she began the homebuying process. She found that AHFC's HomeChoice™ class helped her navigate those questions.

Megan's rental assistance and Jumpstart incentives ended this year, but she was prepared for her next chapter in life – she even made use of the savings match incentive to benefit from a boost to her savings when exiting the program and moving into her own home.

"I encourage anyone who is enrolled in AHFC's rental assistance programs to look into Jumpstart," Megan said.

"It's helpful if you are looking for a job, it's helpful if you already have a job, if you know your goals or need help setting them. It all depends on your mentality going in. This program can really help someone if you utilize it fully."

* 0 Public Housing units disposed of in fiscal year.

Please describe any differences between the planned and actual households served:
<p>Public Housing. Public Housing units sometimes remain vacant despite waiting lists due to a combination of:</p> <ul style="list-style-type: none"> • Supply chain issues: The process of repairing vacant units is significantly slowed by persistent supply chain issues and increased material costs. • Maintenance and Repair Needs: Public housing units require substantial repairs or renovations before they are safe and habitable for new tenants. • Staffing shortages: While this has improved over the past several months, a shortage of skilled tradespeople and maintenance workers means longer repair times to complete. <p>Housing Choice Vouchers. Lease ups have increased due to landlord incentives which are designed to reduce financial risks, minimize bureaucratic hurdles, and offer direct financial bonuses to property owners. Through our <i>Landlord Appreciation and Security Deposit Assistance Program</i> we have recruited new landlords and increased the efficiency of lease up for families utilizing vouchers.</p>

Local Non-Traditional Tenant Based Rental Assistance. These programs help families with additional challenges or barriers to finding rental units. While they are crucial for families needing to access resources, they are also competing for the same units as Housing Choice Voucher families.

Local Property Based. Karluk Manor has five (5) units that receive an alternate form of rental assistance and are not eligible for additional sponsor-based assistance. Tables in Section B differ from the fiscal year’s MTW Plan as AHFC adds Local-Non-Traditional Property-Based activities under 2011-4 series and 2023-3 series in the Report first, then to the following year’s MTW Plan.

B.2 Discussion of Any Actual Issues/Solutions Related to Leasing

Discussion of any actual issues and solutions utilized in the MTW housing programs listed.

Housing Program	Description of Actual Leasing Issues and Solutions
MTW Public Housing	<p>Issues:</p> <ol style="list-style-type: none"> 1. Supply chain disruptions nationwide have had an even greater effect on Alaska due to lack of infrastructure for trucking. Most of Alaska’s products are air or barged in; products that in the past would be fulfilled within two weeks are now back ordered several months. 2. Federal eviction moratorium policies have extended the notice to quit window which allows for tenants behind on rent or not in compliance with their lease to occupy units longer. This created difficult and time-consuming unit turns. 3. Decreased labor supply created a shortage in staffing levels. This impacted the ability to not only address emergency and routine work orders, but to turn over units that had a high amount of wear and tear. <p>Solutions:</p> <ol style="list-style-type: none"> 1. A staffing analysis allowed us to increase several part time staff to full time. 2. Leasing of warehouse space in Anchorage has allowed us to identify commonly purchased items for unit turns, standardize components, and provide materials and assistance to field offices for work order and unit turns. This also has decreased the supply chain delays that we continue to face. 3. Increased contract labor to assist with very difficult unit turns or with staff shortages as we work to back fill for retirements or general labor shortages in a community.
MTW Housing Choice Voucher	<p>Lease up of vouchers has been affected by several factors, including:</p> <ol style="list-style-type: none"> 1. Extremely low vacancy rates throughout the state. 2. General lack of available units. 3. Increased rents due to a tight rental market and low vacancy rates. 4. Landlords are more selective and tenants with poor rental histories or barriers are often not selected.

Housing Program	Description of Actual Leasing Issues and Solutions
	<p>5. A high number of families are chasing a limited quantity of units.</p> <p>6. Several new increments of vouchers for vulnerable populations, such as VASH, EHV, FYI, Stability Vouchers, have been added to an already limited supply of units. These families also have higher needs and take greater staff time and resources to be successful.</p> <p>Solutions:</p> <ol style="list-style-type: none"> 1. Security deposit assistance program, which was initiated during the pandemic, was very successful and helped many families bridge the gap to housing. We have extended that program. 2. Landlord Appreciation Program provides financial incentives to landlords who provide a twelve-month lease to any AHFC voucher holder. 3. On-line technology improvements. We have implemented an on-line eligibility, briefing, and recertification process to streamline and allow families more flexibility in using and accessing their voucher. The online portal was extended to Landlords, to also provide them with better service. 4. Alaska Corporation for Affordable Housing (ACAH), a subsidiary of AHFC, has been tasked with increasing affordable housing statewide. They recently completed 18 units of senior housing and 40 units of family housing in Fairbanks. ACAH expects to complete 20 units of family housing in Valdez in FY26. 5. Sponsor based rental assistance. Over the past 5 years, we have awarded over 400 units of Sponsor Based Rental Assistance. This has provided new affordable housing statewide and freed up some units for voucher families.

AHFC has noticed a trend toward single-person families in its waiting lists. We believe that part of this trend can be attributed to the aging of Alaska’s population. Trends indicate that our specialty voucher programs designed to serve vulnerable individuals (Empowering Choice, Making A Home, Moving Home, Returning Home, and Sponsor-Based Rental Assistance) are often single member families.

- AHFC has implemented a biennial schedule instead of annual HQS inspections. Where required, AHFC has maintained an annual inspection schedule.
- AHFC continues to ensure a unit passes HQS before it goes under a HAP contract.

Approved by the AHFC Board of Directors April 23, 2009
Reviewed by HUD August 6, 2009

Policy for management of project-based vouchers issued to staff with Numbered Memo 12-32 on August 21, 2012 with a start date of September 1, 2012.

- MainTree in Homer – 10 units – came on-line in March 2012.
- Anchorage:
 - Loussac Place – 60 units – the first phase came on-line in July 2012.
 - Susitna Square – 18 units – came on-line in September 2015
 - Ridgeline Terrace – 63 units – came on-line in January 2016

2. Description/Impact/Update

Owner management of site-based waiting lists for project-based vouchers. Owners are responsible for advertisement, collection of applications, application screening, maintaining a waiting list, and selecting applicants in the appropriate order when filling a vacant unit. AHFC continues to conduct all project-based voucher eligibility functions.

In order to assure proper waiting list management, AHFC conducts an annual quality assurance review of waiting list management processes.

Statutory Objective

- Reduce cost and achieve greater cost effectiveness in Federal expenditures
- Increase housing choices for low-income families

Authorization

Attachment C, paragraph D.4 (no change)

Regulation Citation

24 CFR 983.251

Impact

AHFC reduced federal expenditures for waitlist activities to include application collection, posting, maintenance, and selection an applicant family from a waiting list. AHFC is still responsible for the eligibility process and has not included that time or cost in this activity. An additional savings that cannot be calculated is the time it takes to interview families from an AHFC waiting list that would be rejected by an owner as not suitable for tenancy.

2010-9 Returning Home Program

1. Plan Year Approved, Implemented, Amended

Amended by AHFC Board of Directors	August 21, 2024
Approved by the AHFC Board of Directors	April 23, 2009
Reviewed by HUD	August 6, 2009

AHFC amended this activity to utilize MTW funding flexibility for the balance of state HOME funded Returning Home Program because AHFC's HOME partner reallocated those funds. As a result, the conversion to MTW funding flexibility supports the 35 vouchers in the balance of state. Family annual income is calculated using the rules for Housing Choice Vouchers and families meet Housing Choice Voucher income eligibility limits.

This activity started with Numbered Memo 09-30 dated November 25, 2009. The new program began November 25, 2009 for all AHFC voucher locations outside of Anchorage.

- Revised guidance to expand the pool of applicants was issued with Numbered Memo 10-41 on October 28, 2010 with an effective date of November 1, 2010. This change opened the pool of applicants to all persons under a supervision requirement selected by the State of Alaska Department of Corrections. Specifically, the requirement that parolees be persons with disabilities was eliminated.
- Revised guidance to answer questions regarding the supervision requirement was issued with Numbered Memo 12-17 on April 18, 2012. This memo also put in place the time limit for all persons participating in the program that begin in 2009.
- Revised guidance expanding the program to AHFC's Anchorage jurisdiction was issued with Numbered Memo 15-31 on November 20, 2015 and effective December 1, 2015. This expansion made 20 vouchers available for Anchorage.
- Revised guidance to the applicability of HCV rules was issued with Numbered Memo 24-31 on December 16, 2024 and effective January 1, 2025.

2. Description/Update

This activity was formerly called "Prisoner Re-Entry" implemented a time-limited (two years), assistance program targeting civilian re-entry of individuals released from the prison system. The purpose of this activity is to encourage reduction of recidivism due to prisoner homelessness upon release from incarceration.

The original benchmark was to serve 10 families per year. AHFC set a new benchmark of 20 families per year in 2010 as the eligibility criteria for families was expanded to include all families meeting State of Alaska Department of Corrections release criteria. Specifically, the requirement that parolees be persons with disabilities was eliminated.

Statutory Objective

Increase housing choices for low-income families

Authorization/ Regulation Citation

Per the Moving to Work Agreement Attachment C, D.4, AHFC may implement time limited housing assistance programs. This authorization waives certain provisions of Sections 8(o)7 and 8(o)13(F)-(G) of the 1937 Act and 24 CFR 982 Subpart L and 983 Subpart E as necessary to implement AHFC’s Annual MTW Plan. Further, per Attachment C, B.1.B. iv, AHFC for efficiency in identifying families with greater effectiveness, utilizes this flexibility for waitlist management partnership through State of Alaska Department of Corrections. Finally, per Attachment C D. 2. a. of the Moving to Work Agreement AHFC is authorized to adopt and implement any reasonable policies to calculate the tenant portion of the rent that differ from the currently mandated program requirements in the 1937 Act and its implementing regulations. This authorization waives certain provisions of Sections 8(o)(1), 8(o)(2), 8(o)(3), 8(o)(10) and 8(o)(13) and 24 C.F.R. 982.508 and 982.503 as necessary to implement AHFC’s Annual MTW Plan.

2. Description/Impact/Update

This activity was formerly called “Use of HCV Program for Persons with Disabilities.” The Moving Home Program is a referral-based rental assistance program designed to enable persons with disabilities to rent affordable housing. This program is available in every community currently offering an AHFC Housing Choice Voucher Program. Continuing

operation of Moving Home is contingent upon available funding and continuing appropriations.

For the purposes of the agreement, persons with a disability who are eligible for Moving Home are very low-income households (50 percent of Area Median Income) that meet the criteria below:

- Eligible for community-based, long-term services as provided through Medicaid waivers, Medicaid state plan options, state funded services, or other appropriate services related to the target population, **and**
- Meet the U.S. Department of Housing and Urban Development’s definition of a disabled family (24 CFR 5.403), **or** are an Alaska Mental Health Trust Authority beneficiary.

The State of Alaska Department of Health refers eligible families directly to AHFC. Once an applicant family has leased, families are not required to maintain services in order to remain eligible for Moving Home continuing assistance. There is no time limit on these vouchers.

2. Description/Impact/Update

Combine existing multiple utility allowance tables into a single utility allowance table in Anchorage, Mat-Su, and Valdez. AHFC does not plan to change its evaluation methods of local utility providers when creating a new simplified table for each area identified above.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

Authorization

Attachment C, paragraphs C.11 and D.2 (no change)

Regulation Citation

24 CFR 982.517

Impact

Combining utility allowances in a community creates efficiencies in staff cost and time by decreasing the number of schedules produced. AHFC has assigned a value of \$25.00 per hour (2015 HPS II, Level 6) to determine agency cost.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

2011-2 Local Payment Standards

Approved by the AHFC Board of Directors	May 4, 2010
Reviewed by HUD	July 12, 2010

This activity was delayed due to the development of AHFC's rent reform activity. AHFC decided to develop this with that activity. This was submitted as Amendment Two to the FY2013 MTW Annual Plan.

Approved by the AHFC Board of Directors	February 27, 2013
Reviewed by HUD	April 17, 2013

This activity was started with Numbered Memo 14-01 issued January 13, 2014 and effective on February 1, 2014.

2. Description/Impact/Update

This activity establishes payment standards that do not rely on HUD's Fair Market Rents for AHFC housing choice voucher jurisdictions. AHFC continues to examine each market on an annual basis to determine if the payment standard is appropriate. AHFC also ensures that it establishes a payment standard that reflects, not leads, the market. As one of its tools, staff uses an annual, independent study conducted by AHFC's Planning and Program Development Department in cooperation with the State of Alaska Department of Labor. This study surveys Alaska's communities and landlords about its housing markets including vacancy rates, market conditions, number of rentals, and utilities. Staff continues to collect its own survey data on rentals in the local market.

Statutory Objective

- Reduce cost and achieve greater cost effectiveness in Federal expenditures
- Increase housing choices for low-income families

Authorization

Attachment C, paragraph D.2.a. (no change)

Regulation Citation

24 CFR 982.503.

Impact

AHFC anticipated that this will be a revenue neutral activity as staff will still survey local rental markets as well as consider additional rental market data gathered by the State of Alaska. AHFC will then compare that data to Fair Market Rents to determine an appropriate payment standard. However, this activity allows for AHFC to study community specific rentals in lieu of solely basing it off the Fair Market Rents which groups multiple communities together based on census area. The grouping of communities can skew rent data.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

3. Actual Non-Significant Changes

- 2011-4a SBRA Program, Karluk Manor 46 units formerly activity 2012-4
- 2011-4b SBRA Program, Forget-Me-Not Manor 56 units formerly activity 2018-1

- 2011-4f SBRA Program, HomePlate 24 units
- 2011-4g SBRA Program, Atsaq Place 15 units

This Sponsor Based Rental Assistance activity will award up to 100 units per fiscal year. AHFC will procure sponsors through a competitive application process that may include partnership with AHFC's Planning and Program Development Department. Through Local, Non-Traditional Activities, this MTW activity will allow sponsors to apply for rental assistance through this activity and, if awarded, the process will expedite issuance of funds and assist sponsors in meeting supply chain, pricing and vendor demands for their respective projects. AHFC will then use the MTW reporting process to advise HUD of each property awarded in the fiscal year.

Utilizing savings from HAP efficiencies, AHFC has implemented SBRA programs since 2012 to serve additional families through a program that mirrors the Voucher Program. As the affordable housing stock in Alaska is aging and has challenges meeting inspection standards; the need for safe, quality housing is increasing in our service jurisdictions. Every 5 years a statewide housing assessment of Alaska is conducted in partnership with the Cold Climate Housing Research Center. The last report was completed in 2018 and assessed 257,000 occupied housing units which included the following findings:

- More than 16,100 homes (6.3 percent) are overcrowded or very overcrowded.
- More than 31 percent (78,959) of households are housing cost-burdened.
- An estimated 16,000 additional affordable housing units are needed to meet the needs of extremely low-income households.

- Current construction in Alaska is not keeping pace with population growth. Construction will need to increase by an additional 255 units per year (11 percent) to meet demand from growing regional areas.
- Construction needs to increase by an additional 2,066 new units per year (90 percent) to fully alleviate overcrowding by 2025.

MTW Authorization and Need

- Attachment D of the MTW Agreement signed January 30, 2012. Attachment C, paragraph B.2

Through the use of the Local Non-Traditional Authorizations set forth in Public and Indian Housing Notice 2011-45, AHFC will establish this model to support the demand for new Sponsor-Based developments. This amendment will reactivate the previously closed activity 2011-4.

2011-5 Project-Base Vouchers at AHFC Properties and Exceed 25 Percent Limit per Building

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors May 4, 2010

Reviewed by HUD July 12, 2010

This policy was implemented with the development of MainTree Apartments and Loussac Place in July 2012.

2. Description/Impact/Update

Allow AHFC to project-base vouchers (PBV) at market rental properties it owns and exceed the building cap in project-based voucher developments. This waiver was requested as part of the development to replace public housing units at Loussac Manor. In accordance with PBV policy, rent to owner is determined by an independent entity approved by HUD.

- Loussac Place contains 120 affordable housing units of which 60 are project-based vouchers. The vouchers are distributed throughout the bedroom sizes (one through four) in a variety of buildings throughout the development. Based on the configuration of the development (townhouse-style units), it would have been impossible to successfully use project-based vouchers without this waiver. Units were fully leased in November 2012.
- MainTree Apartments contains 10 affordable housing units (8 one-bedroom and 2 two-bedroom) reserved for persons with developmental disabilities. Units were fully leased in 2012, and all are subsidized with a project-based voucher.
- Susitna Square contains 18 affordable housing units in three buildings (17 two-bedroom and 1 one-bedroom). All units are subsidized with project-based vouchers and were available for occupancy on September 1, 2015. Units were fully leased as of June 30, 2016.
- Ridgeline Terrace contains 70 affordable housing units in 14 buildings (a mixture of one- and two-bedroom). Sixty-three units have project-based voucher assistance attached and were available for occupancy on January 8, 2016; 53 units were leased as of June 30, 2016.

Statutory Objective

Increase housing choices for low-income families

Authorization

Attachment C, paragraphs D.1.e , D.7.a , and D.7.b (no change)

Regulation Citation

24 CFR 983.56

Impact

AHFC did not displace any families; this will only impact those families that choose to no longer live at the project-based voucher development. New developments are trending toward a townhouse-style of development with five or less units per building. The building cap limits the number of units that can be made available for families at 50 percent or less of area median income. AHFC wants to ensure that families have a wide variety of units from which to choose without worrying about the number of project-based vouchers in each building.

3. Actual Non-Significant Changes

Tenants at Alpine Terrace and 1248 E 9th Ave were offered Housing Choice Voucher Assistance. These AHFC Owned units were on the FY2025 MTW Plan as PBV but removed on the 2025 MTW Report to comply with HUD's directive.

2012-1 Raise HCV Maximum Family Contribution at Lease-Up to 50 Percent**1. Plan Year Approved, Implemented, Amended**

2. Description/Impact/Update

Waive HUD regulations at 24 CFR 982.508, which limit a family to paying no more than 40 percent of their adjusted monthly income toward their rental portion. A family that is subject to Moving to Work rules will be allowed to pay up to 50 percent of monthly income. Those families on the traditional HUD family contribution rules will use the 40 percent calculation.

Statutory Objective

Increase housing choices for low-income families

Authorization

Attachment C, paragraph D.2.a. (no change)

Regulation Citation

24 CFR 982.508

Impact

Alaska does not have any designated poverty zones, but does have neighborhoods with a concentration of lower rents. As more rentals are being converted into temporary vacation rentals, there is a trend that lower rent neighborhoods are more likely to continue to offer long term rentals. With the implementation of 2014-1 Reasonable Rent and Family Self-Sufficiency Initiative, this activity was modified to account for Step Program families that transition to a fixed HAP subsidy. Once on a fixed subsidy amount, these families are no longer subject to a maximum family contribution if they decide to move. The family will decide if their required contribution is affordable.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

2012-2 Nonpayment of Rent

Reviewed by HUD	June 21, 2011

AHFC implemented its new Public Housing Program Residential Lease Agreement effective January 1, 2012 with Numbered Memo 12-03. With Numbered Memo 12-04 issued on January 4, 2012, all public housing families with examinations beginning March 1, 2012 were required to sign the new lease.

A letter was sent to all public housing residents in July 2013 to remind them of their lease provision and the new shortened period to pay their late rent. In addition, the grace period for payment of rent was extended to the seventh (7th) calendar day of each month. AHFC began this activity on September 1, 2013 with Numbered Memo 13-36.

2. Description/Impact/Update

Waive HUD regulations at 24 CFR 966.4(l)(3)(i)(A) that require AHFC to allow 14 days for tenants to cure nonpayment of rent. The nonpayment of rent period was shortened to seven days to match the Alaska Landlord-Tenant Act. A new lease with the new timelines was offered to each family at their annual anniversary appointment before implementation for all tenants.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

Authorization

Attachment C, paragraph C.9.b. (no change)

Regulation Citation

24 CFR 966.4(l)(3)

Impact

AHFC anticipates that this will be a time neutral activity as staff must still process the same tasks and paperwork in order to evict a family. The Alaska Court System implemented an Eviction Diversion Program to educate and mediate with parties prior to going to court. AHFC distributes a flyer during the 30-day Notice to Quit period and has contributed to resolutions in lieu of eviction but increases the days between past due rent and eviction request.

A Memorandum of Agreement was executed in July 2012. The program began with Numbered Memo 12-27 dated October 24, 2012 and was effective on November 1, 2012. This is a local, non-traditional program.

2. Description/Impact/Update

Activity was formerly named “Youth Aging Out of Foster Care.” This is a time-limited (three years), tenant-based rental assistance program targeting youth ages 18 to 24 aging out of Alaskan foster care. The program serves direct referrals from the State of Alaska Department of Health and Social Services, Office of Children’s Services.

Due to the success of the Returning Home program (2010-9) with the Alaska Department of Corrections, AHFC partnered with the State of Alaska Office of Children’s Services to provide a similar program for youth aging out of foster care.

- HOME Investment Partnership Program funds pay for the monthly HAP for coupons leased outside the Anchorage jurisdiction. Operational and staff costs are supported

with MTW funds. AHFC has developed a fee-for-service for each housing unit month. These HOME administrative fees are booked as Non-MTW revenue. AHFC is following HOME rules at 24 CFR 92 for tenant-based assistance. Family annual income is calculated using the rules at 24 CFR 5.630.

- The State of Alaska Department of Health and Social Services provides an annual allotment to assist ten youth families in Anchorage. The number of families assisted each year is contingent upon available funding. For purposes of consistency and administrative efficiencies, family annual income is calculated using the rules at 24 CFR 5.630.
 - Due to the success of the Anchorage program, the Department of Family and Community Services provided additional funding in FY2016 to increase the number of youths served in Anchorage to 15 each month.
 - Due to a reduction in HOME funds, the number of youths for statewide was reduced to 5 in FY2020.

Statutory Objective

Increase housing choices for low-income families

Authorization

Attachment D of the MTW Agreement signed January 30, 2012 allows for “broader uses of funds.” AHFC will rely on that authority to use MTW Funding Flexibility to partially offset administrative costs to support this HOME-funded activity.

Regulation Citation

None

Impact

AHFC continues to support 40 Making a Home vouchers. In fiscal year 2024, 22 families were served.

3. Actual Non-Significant Changes

No changes to this activity during this fiscal year.

4. Actual Significant Changes

This is a local, non-traditional program.

2. Description/Impact/Update

In partnership with the State of Alaska Council on Domestic Violence and Sexual Assault and the Alaska Network on Domestic Violence and Sexual Assault (ANDVSA), AHFC created a set-aside of MTW vouchers to exclusively serve families displaced due to domestic violence and sexual assault. This is a time-limited (36 months) program for families qualified and referred directly from the ANDVSA member agency. This program is available in every community currently offering an AHFC Housing Choice Voucher Program.

For those communities without a Voucher Program (Bethel, Cordova, Nome), AHFC offers preferential placement on its Public Housing Program waiting lists for families displaced due to domestic violence. The ANDVSA member agency is responsible for qualifying and referring those families.

2014-1a Population Definitions

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

AHFC is using the following definitions as part of its rent reform activity.

1. **Classic Program Family** is defined as 100 percent of adult household members are either a person with a disability (as defined in 24 CFR 5.403) or 62 years of age or older. These families may include a live-in aide (as defined in 24 CFR 5.403), minors, or full-time dependent students.
2. **Full-Time Student** is defined as a dependent adult under the age of 24 who is enrolled as a student at an institution of higher education and meets the school's definition of full-time enrollment. AHFC will continue to disregard any income earned by an individual while full-time student status is maintained.
3. **Set-Aside Program Family** – these are families using special purpose or direct referral vouchers that use AHFC's simplified income calculation method. This includes the Empowering Choice Housing Program, Foster Youth to Independence Initiative (FYI) Voucher Program, Mainstream Voucher Programs, Moving Home Program, Non-Elderly Disabled Voucher Program, Project-Based Voucher Program, Tenant Protection Vouchers, and Veterans Affairs Supportive Housing Voucher Program. As of January 10, 2016, AHFC began absorbing all incoming portable vouchers and classifying families into the Step and Classic programs.
4. **Step Program Family** is defined as any household that does not meet the definition of a Classic or Set-Aside Program family.

2014-1b Minimum Rent

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

This supporting activity establishes a minimum rent in exception to HUD regulations. HUD regulations require AHFC to establish a minimum monthly rent for the Public Housing and Housing Choice Voucher programs that does not exceed \$50 per month. AHFC has set the following minimum rents as part of its rent reform activity.

1. **Classic Program family** – the minimum rent is \$25. Because AHFC is anticipating that these families will not have wage earners and have fixed income sources, staff felt that it was more reasonable to set a \$25 rate. AHFC does not require a waiver for this proposal.
2. **Set-Aside Program family** – the minimum rent is \$25. AHFC does not require a waiver for this proposal.
3. **Step Program family** – the minimum rent is \$100. Staff felt that this was a more reasonable minimum rent that prepares the family for the increase in their monthly rental obligation in Step Year 2.

2014-1c Utility Reimbursement Payments

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

HUD regulations require AHFC to establish utility allowance schedules for each Voucher and Public Housing jurisdiction, to update those schedules annually, and to pay a utility reimbursement payment when the utility allowance exceeds the family contribution. This supporting activity eliminates utility reimbursement payments for the Voucher and Public Housing programs. Families that may need an adjustment of their subsidy due to unusual or excessive utility requirements may ask for a hardship. See supporting activity 2014-1I for a discussion of the hardship policy.

Statutory Objective

As listed under 2014-1 above.

Authorization

- Public Housing – Attachment C, paragraph C.11. (no change)
- Housing Choice Voucher – Attachment C, paragraph D.2.a. (no change)

- Both – HUD regulations at 24 CFR 5.632.

Impact

This activity continues to create administrative efficiencies and removes duplicative services as other community resources subsidize utility expenses. AHFC continues to evaluate families with high utilization through hardship processes.

2014-1d Jumpstart Program

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above. With Numbered Memo 14-10 issued and effective on April 29, 2014, AHFC began transitioning HUD FSS enrollments to the MTW FSS program. Existing participants were allowed to graduate and receive accumulated escrow balances as part of this transition process.

The Jumpstart Program replaced the MTW-Family Self-Sufficiency Program. The Jumpstart Program was submitted as Amendment One to the FY2016 MTW Annual Plan. Enrollment in the MTW Family Self-Sufficiency Program was suspended with Numbered Memo 15-18 issued and effective on June 1, 2015. Any enrollments in process were enrolled by August 1, 2015.

Approved by the AHFC Board of Directors	July 29, 2015
Reviewed by HUD	December 16, 2015

New enrollments to the Jumpstart Program began November 1, 2015.

2. Description/Impact/Update

This activity was formerly called Family Self-Sufficiency Program. AHFC has operated a voluntary Family Self-Sufficiency Program since 1994. In order to meet the needs of families participating in the Step Program, AHFC expanded its program to all its Public Housing and Housing Choice Voucher jurisdictions, as well as increasing the number of families eligible to participate. Jumpstart offers two service levels for families:

- Case Management (level 1) - these families sign a participation agreement, develop an Individual Training and Services Plan, receive individualized coaching and goal-setting services, and are eligible for monetary incentives.
- Incentives Only (level 2) - these families sign a participation agreement and receive counseling regarding available monetary incentives.

Numbered Memo 18-18 dated April 20, 2018 and effective May 1, 2018 increased the amount of incentives available to a Level 1 Case Management family to \$5,000. AHFC also changed its incentive rules to allow a Level 1 family to receive all its incentives in Tuition Assistance.

For families wishing to participate in the Savings Match incentive, AHFC requires that these families complete a financial literacy requirement.

Statutory Objective

Give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational, or other programs that assist in obtaining employment and becoming economically self-sufficient

Authorization

Attachment C, paragraph E. (no change)

Regulation Citation

Jumpstart is operated under the regulations at 24 CFR 984 and regulations at parts 5, 882, 887, 960, 966, and 982 (except where specifically exempted by this Plan).

Requested waivers are:

- 24 CFR 984.103 – Definition of self-sufficiency; AHFC has developed its own definition
- 24 CFR 984.105 – Minimum program size; AHFC expanded the size and jurisdictions under the Jumpstart Program
- 24 CFR 984.202 – Program Coordinating Committee composition; AHFC will be establishing an alternate composition for this committee based on AHFC’s geographic challenges
- 24 CFR 984.203 – Family selection; AHFC has defined Jumpstart family selection priorities
- 24 CFR 984.303 – Contract of Participation; AHFC has developed two Agreements for its Jumpstart participants – Jumpstart Participation Agreement (Level 1) and Jumpstart Incentive Eligibility Agreement (Level 2)
- 24 CFR 984.303(a) – Signature of head of household; AHFC is adding a procedure for an alternate to the head of household
- 24 CFR 984.303(b)(2) – Independence from welfare assistance; AHFC is waiving this condition for fulfillment of a Jumpstart Agreement
- 24 CFR 984.303(b)(4) – Suitable employment; any adult family member who signs the Agreement can fulfill this requirement.
- 24 CFR 984.303(c) – Contract term; the Jumpstart Agreement will coincide with the Step Program family’s subsidized housing term (this may be less than 5 years)
- 24 CFR 984.303(d) – Contract extension; AHFC Jumpstart staff may extend an Agreement at their discretion or if authorized by the Bridge Committee
- 24 CFR 984.303(d)(5)(iii) – Consequences of noncompliance; AHFC will not terminate a family’s rental assistance for failure to comply with their Agreement
- 24 CFR 984.303(g) – Completion; an Agreement is complete when the family has fulfilled all of its obligations under the Agreement and the family must be in good standing with AHFC the month they complete the Agreement
- 24 CFR 984.304 – Total tenant payment; AHFC will calculate total tenant payment in compliance with policy in its Housing Choice Voucher Administrative Plan and Public Housing Program Admissions and Occupancy Policy
- 24 CFR 984.305 – FSS Account; AHFC will not offer an FSS Account. AHFC has developed an alternate system of incentives
- 24 CFR 984.306 – Residency and portability requirements; families are not eligible to port Jumpstart participation. Families are not eligible to port FSS Program participation into AHFC’s jurisdiction. AHFC will not accept FSS Account balances from other PHAs. Jumpstart incentives must be earned while in an AHFC jurisdiction.

Impact

Jumpstart continues to be a robust resource for families to obtain self-sufficiency. In fiscal year 2025, a total of 586 households were enrolled. AHFC monitors important measures such as increase to household income, and savings, which ensures exit from

Jumpstart will result in less than 50% shelter burden. Overall, unemployment and TANF recipients have decreased steadily since rent reform implementation.

2014-1e Family Choice of Rent and Flat Rents

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

This supporting activity waives the annual requirement to offer a public housing family the choice of a flat or income-based rent. AHFC currently sets a contract rent rate for its Public Housing units. This contract rent replaces the flat rent. If a family's income rises to a point where their required income-based contribution would exceed the contract rent, AHFC offers the family the contract rent.

AHFC ensures that it establishes a contract rent that reflects, not leads, the market. As one of its tools, staff uses an annual, independent study conducted by AHFC's Planning and Program Development Department in cooperation with the State of Alaska Department of Labor. This study surveys Alaska's communities and landlords about its housing markets including vacancy rates, market conditions, rent amounts, and utilities.

AHFC continues to compare the fair market rent, current family rent contributions, local rental market vacancy and rental rates, and local advertising materials when selecting a reasonable contract rent. AHFC also continues to add an affordability factor as these rents are meant for low-income families.

A family may exit subsidy and remain in a unit. These families pay a Market Rent, a rate that is higher than the Contract Rent. As an internal control, AHFC sets its market rents within 15 percent of the State of Alaska Department of Labor market survey rate where comparable unit sizes exist.

Statutory Objective

As listed under 2014-1 above.

Authorization

Attachment C, paragraph C.11. (no change)

Requested Regulation Waiver

HUD regulations at 24 CFR 960.253.

Impact

AHFC continues to monitor contract rents to ensure that they do not lead the market for similar sized units.

2014-1g Annual Recertification Requirement

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

This supporting activity develops an alternate recertification schedule for families subject to rent reform activities. AHFC continues to require all families to report changes in family composition within ten business days. AHFC continues to pull the Enterprise Income Verification (EIV) report to track income and how the rent reform activity is affecting its clientele.

- **Classic Program** – these families receive a triennial (every three years) examination. In the no examination years for Public Housing, AHFC continues to verify household composition and certify compliance with community service obligations.
- **Step Program** – these families receive an income examination at time of admission to determine eligibility under income limit guidelines and set their income-based rent for the first year. Each year, AHFC discusses the EIV report with the family, and the family self-certifies to its accuracy. AHFC does not conduct any additional income verification processes unless the family requests a hardship. AHFC reports these figures on the 50058.
- **Set-Aside Program** – these families receive an income examination every year.
- **Set-Aside Disabled Program** – these families receive a triennial (every three years) examination for the Non-Elderly Disabled, Mainstream, Moving Home Program and Mainstream 811 voucher programs.

Statutory Objective

As listed under 2014-1 above.

Authorization

- Public Housing - Attachment C, paragraphs C.4 and C.11. (no change)
- Housing Choice Voucher - Attachment C, paragraphs D.1.c, D.2.a, and D.3.b. (no change)

Requested Regulation Waiver

- Public Housing – HUD regulations at 24 CFR 960.257.
- Housing Choice Voucher – HUD regulations at 24 CFR 982.516

Impact

AHFC have realized reduction in federal expenditures in staff hours to process yearly examination. It also removes redundancy for classic families that have minimal changes

in yearly income to complete the examination process. Triennial examinations for this population usually result in minimal or no changes in the tenant portion.

3. Actual Non-Significant Changes

Implemented triennial examinations for Non-Elderly Disabled (45) and Mainstream (95) along with AHFC's MTW approved vouchers Moving Home Program (150) and Mainstream 811 (10).

4. Actual Significant Changes

No changes to this activity during this fiscal year.

2014-1h Annual and Adjusted Annual Income Calculation

1. Plan Year Approved, Implemented, Amended

As listed under 2014-1 above.

2. Description/Impact/Update

This supporting activity develops an alternate methodology for calculating a family's annual income. AHFC does not deviate from the following regulations:

- Determination of income sources and which sources are included or excluded as part of a family's annual income.
- Determination of asset sources and when an asset becomes annual income.
- Determination of when a welfare benefit reduction affects annual income.

As part of this plan, AHFC is implementing the following waivers. Families that believe they suffer from a financial hardship due to the elimination of these allowances are able to request a hardship (see supporting activity 2014-1l).

- Elimination of the annual \$400 allowance for an elderly/disabled family.
- Elimination of the allowance of \$480 for each minor dependent in a household.
- Elimination of the medical allowance for out-of-pocket expenses for elderly/disabled families.
- Elimination of the handicap allowance for out-of-pocket expenses that allow a person with disabilities to engage in work activities.
- Elimination of the childcare allowance for out-of-pocket expenses for care of minors under the age of 13 to allow an adult household member to engage in work activities.

AHFC has previously requested waivers for the following regulations and has absorbed them into Activity 2014-1.

- Activity 2010-2 raised the asset threshold from \$5,000 to \$10,000. Now moved under supporting activity 2014-1j.
- Activity 2010-3 eliminated the Earned Income Disallowance program for persons with disabilities and families engaging in work activities. Now moved under supporting activity 2014-1k.

Statutory Objective

As listed under 2014-1 above.

Authorization

- Attachment C, paragraphs C.4 and C.11. (no change)
- Attachment C, paragraphs D.2.a and D.3.a. (no change)

Requested Regulation Waiver

- Both Programs - HUD regulations at 24 CFR 5.611, 24 CFR 5.617, and 24 CFR 5.628
- Public Housing - 24 CFR 960.225 and 24 CFR 966.4(b)(1)
- Housing Choice Voucher – 24 CFR 982.503, 24 CFR 982.505, and 24 CFR 982.508

Impact

AHFC's streamlined income calculations have been used since 2010. Staff, community case managers and families have expressed the ease of the examination process due to these policy changes. AHFC continues to evaluate families with high expenses through hardship processes.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

3. Actual Non-Significant Changes

2014-1i Portability

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors August 21, 2013
Reviewed by HUD December 31, 2013

This activity was issued with Numbered Memo 14-01 on January 13, 2014.

- Families were allowed to port under the traditional HUD rules before their first annual examination for transition to rent reform.
- AHFC was administering vouchers as of February 1, 2014 and classified those families into the Set-Aside Program.
- AHFC absorbed all families that ported into AHFC as of August 1, 2014. These families were allowed to retain their right to port out under traditional HUD rules before their first annual examination for transition to rent reform.
- AHFC began absorbing all port-in families as of August 1, 2015. This policy change was issued with Numbered Memo 15-12 on April 20, 2015.
 - New port-in families as of August 1, 2015 are classified into the Step or Classic Program.
 - Families in the Set-Aside Program were allowed to retain their right to port out under traditional HUD rules before their first annual examination for transition to rent reform.

2. Description/Impact/Update

This supporting activity changes AHFC's Housing Choice Voucher Administrative Plan requirements that Step Program families must meet before allowing a family to port AHFC's voucher to another housing authority's jurisdiction. These changes do not impact current HUD regulations regarding portability for Enhanced or Tenant Protection, Foster Youth to Independence Initiative (FYI), Mainstream, Non-Elderly Disabled (NED), or Veterans Affairs Supportive Housing (VASH) vouchers. AHFC also continues to offer portability under current HUD regulations to all MTW tenant-based voucher holders that are classified as Classic Program families.

AHFC did not make any changes to the rules governing port-in vouchers, except to classify these families in the Set-Aside Program and streamline the calculation of family income as specified in Activity 2014-1h.

- AHFC continues to enforce the regulations regarding nonresident applicants under 24 CFR 982.353(c).
- AHFC also continues to enforce the regulations regarding income eligibility under 24 CFR 982.353(d).
- AHFC did not make any changes to the regulations under 24 CFR 982.355 regarding administration by receiving PHAs.

AHFC proposes the following limitations for Step Program families seeking to port a voucher from AHFC's jurisdiction.

- **Absorption by the Receiving PHA** – if a receiving PHA is absorbing vouchers, the Step Program family may port their tenant-based voucher if they meet the requirements under 24 CFR 982.353(b).
- **Reasonable Accommodation** – if a Step Program family needs to move their tenant-based voucher to another PHA’s jurisdiction in order to accommodate a family member with a disability, AHFC will allow those with appropriate documentation. The family must meet the requirements under 24 CFR 982.353(b).
- **VAWA Protections** – if a Step Program family needs to move their tenant-based voucher to another PHA’s jurisdiction in order to receive protections afforded under the Violence Against Women Act (VAWA), AHFC will allow those with appropriate documentation. The family must meet the requirements under 24 CFR 982.353(b).

Statutory Objective

As listed under 2014-1 above.

Authorization

Housing Choice Voucher - Attachment C, paragraph D.1.g. (no change)

Requested Regulation Waiver

Housing Choice Voucher – 24 CFR 982.353

Impact

Due to low utilization nationwide, many Public Housing Authorities are absorbing port ins. Therefore, the limitation has had minimal adverse effects on Step families that did not have a Reasonable Accommodation or VAWA Protection. This activity did not change portability for Classic or set-aside (special purpose voucher) families.

2014-1I Hardship Policy and Process

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors January 8, 2014
Reviewed by HUD April 30, 2014

The Bridge Process was implemented with rent reform activity 2014-1:

- On February 1, 2014 for Housing Choice Voucher families
- On May 1, 2014 for Public Housing Program families

This was formerly listed in the Appendix of the Annual Plan and updated as part of the FY2018 Annual Plan. This was wrapped into Activity 2014-1 as establishing a method for families to grieve an adverse impact due to an alternate rent calculation activity is a requirement.

2. Description/Impact/Update

As a Moving to Work agency, AHFC must develop a reasonable rent policy that encourages employment and self-sufficiency. AHFC refers to this policy as Rent Reform. As part of rent reform, AHFC must also adopt a hardship policy to meet the individual needs of families that request a modification to, exemption from, or temporary waiver to:

- Family requirements under Moving to Work Activity 2014-1 Reasonable Rent and Family Self-Sufficiency; or
- A family's requirement to pay a minimum rent under 24 CFR 5.630; or
- AHFC's elimination of interim examinations under Moving to Work Activity 2014-1.

AHFC's hardship policy is called the Bridge Process. Families transitioning from the traditional rent calculation method to AHFC's rent reform model had access to a one-time "Safety Net".

- The current hardship policy is summarized below.
- AHFC continues to offer a Minimum Rent Exemption procedure for those families subject to the minimum rent.

2.A Bridge Tier 1

These requests are processed by each local AHFC office. If a family meets the qualifying conditions, staff has the authority to grant a temporary reduction of rent to address the family's hardship. Hardships include:

- Permanent Loss of a Household Member with Income – AHFC will remove the individual and their associated income. If the family is on an income-based formula, the family's contribution is recalculated. If the family is on the Step schedule and experiencing a shelter burden, they may qualify for a temporary reduction of rent as listed in the Safety Net below.
- Safety Net – Unanticipated Income Loss causes a shelter burden for the family. Staff may grant a reduction of the family portion to 50 percent of monthly income for a period of three months. The family is also referred to the Jumpstart program for a consultation and possible enrollment.

- Safety Net – Short-Term Medical/Health Condition of an employed adult that results in the loss of income. Staff may grant a reduction of the family portion to 50 percent of monthly income for a period of three months.

2.B Bridge Tier 2

This level of review is for families with hardship circumstances that exceed staff authority to grant and for families that disagree with the relief offered at Tier 1. Review at this level also includes recommendations for family requests to appear before the Bridge Committee. Hardship relief that can be granted at this level includes:

- Medical or Child Care Expense Allowance – an allowance for out-of-pocket expenses can be considered when expenses cause a shelter burden in excess of 50 percent of family monthly income. A reduction of the family portion to 50 percent of monthly income for a period of six months can be granted. Persons with disabilities who request the medical expense deduction are handled through the reasonable accommodation process.
- Extension to Tier 1 Safety Net – if a family’s initial reduction of rent for three months is not sufficient, the family can ask for an additional three months. If the extension is needed due to the unanticipated loss of income, the family must be an active Jumpstart participant and receive their recommendation for an extension.

2.C Bridge Review of Determinations Under Tier 2

This level of review is for families that disagree with the relief offered at Tier 2. Review at this level also includes recommendations for family requests to be evaluated by the Bridge Committee.

Statutory Objective

MTW Agreement, Section III

Authorization

Attachment C, paragraphs C.11 and D.2.a. (no change)

Regulation Citation

24 CFR 5.617 and 960.255

Impact

AHFC’s hardship policies allows family to submit a Bridge request for rent adjustment or extension to the Step Program. In response to the COVID 19 pandemic, AHFC offered a Step Program freeze decreasing the need of step year 5 families applying for the extension process. This hardship ended March 31, 2022. During that time AHFC also offered a safety net decreasing the need for Bridge requests. As local economies have stabilized, the frequency of Bridge and Step Extension request are less than pre-pandemic numbers.

Beginning in November 2016, AHFC refined the Bridge Policy to a three-tiered process to expedite the processing of family requests (shown above). This change was distributed to staff with Numbered Memo 16-27 issued October 20, 2016 and effective November 1, 2016.

The Safety Net period for unexpected loss of income was extended from two months to three months effective February 20, 2017. This was distributed to staff with Numbered Memo 17-10 on February 20, 2017.

Ongoing analyses of Step Program families' progress toward financial self-sufficiency indicates that while some families have achieved great success, others are struggling. To help families that need additional time to achieve goals or stabilize income, AHFC introduced a Step Extension Process. This was issued with Numbered Memo 18-30 on September 20, 2018 with an effective date of November 1, 2018.

Two separate, consecutive, one-year extensions to rental assistance are available. For both extensions:

- Families are required to apply for the extension each year.
- Families must pay more than 50 percent of monthly income toward rent and tenant-paid utilities.
- Families must be compliant with family obligations under their rental assistance program.
- Jumpstart enrollment:
 - For year one eligibility, families must enroll or become active in Jumpstart.
 - For year two eligibility, families must have remained active during their year one extension period.
- Rental assistance:
 - Voucher Step Program families receive 20 percent of the Payment Standard.
 - Public Housing Step Program families pay 80 percent of the unit's Contract Rent.

A log was created to track Step Program Extension applications and approvals. Reminder notices advising families of the upcoming end of their Step Program rental assistance were created to encourage families that need additional time to apply for the Step Extension Process.

During Fiscal Year 2025, AHFC received 133 Bridge level 1 applications and 1 application for Bridge level 2. AHFC approved 85 applications with an average rent reduction of \$2,049. Thirty-nine applications were not approved because the family did not meet the qualifiers or the applications were incomplete. One family was offered alternate relief.

Twenty-four families are participating in Step Extension 1 and four families are on Step Extension 2 for a total cost of \$171,182.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream

Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

2014-3 PBV Inspection Requirements

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors	February 27, 2013
Reviewed by HUD	September 10, 2013

This activity began with Numbered Memo 14-27 issued on September 22, 2014 and effective on October 1, 2014.

2. Description/Impact/Update

For project-based voucher (PBV) developments, AHFC requires flexibility when determining the number of annual and quality control inspections. The number required may vary depending on the development configuration and number of PBV units.

AHFC is basing its initial and annual inspection requirement on the needs of each individual development. AHFC reserves the right to inspect any time it suspects that the owner is not complying with Housing Quality Standards (HQS) or if the fail rate reaches 20 percent at the development. AHFC will continue to investigate tenant complaints regarding the condition of a PBV unit. AHFC will also continue to conduct the initial property and unit inspections before entering into a HAP Contract for the development.

AHFC has an additional quality assurance process for those developments with PBV and Low Income Housing Tax Credit Programs, as AHFC's Internal Audit Department conducts reviews of the property that include unit inspections. AHFC's quality assurance staff will review Internal Audit's findings and consider those inspections as part of its inspection universe.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

Authorization

Attachment C, paragraphs D.5 and D.7.d. (no change)

Regulation Citation

- HUD regulations at 24 CFR 983.103(c) for turnover inspection requirements.

- HUD regulations at 24 CFR 983.103(d)(1) for annual inspection random sample requirements.
- HUD regulations at 24 CFR 983.103(d)(2) for annual inspection failed unit inspection requirements.
- HUD regulations at 24 CFR 983.103(e)(2) for failed inspection follow-up requirements.

Metrics, Baselines, Benchmarks

AHFC will measure the success of this activity by analyzing the number of failed inspections at PBV properties as a percentage of the inspections conducted in a particular period.

- The baseline is zero as PBV units are new to AHFC’s portfolio.
- AHFC will count the number of inspections conducted during the period under review. AHFC will look at the number of failed inspections as a percentage of the total inspections at a particular development. AHFC will also examine the types and severity of fails to see if they are owner or tenant caused.
- AHFC will increase its inspection requirements if a property experiences more than a 20 percent fail rate for major fail items.

Impacts

AHFC examines its computer records to determine the number of move-in, annual, complaint, and quality assurance inspections at each PBV property. AHFC reviews the number of failed inspections, the types of fails (minor or major), and the owner’s responsiveness to the failed inspections.

AHFC increased the income limits for eligible families to match the tax credit admission guidelines. These developments are funded with a combination of funds including Low Income Housing Tax Credits and Project-Based Vouchers. The LIHTC program allows admission of families up to 60 percent of area median income. The changes were submitted as Amendment 2 to the FY2018 Moving to Work Plan.

2. Description/Impact/Update

This activity was formerly named Mountain View and San Roberto Development. AHFC has updated the name to match the developments. AHFC used its MTW funds and its development expertise to support affordable housing acquisition and development. AHFC also pursued disposition and redevelopment of its current Public Housing portfolio through its subsidiary entity, Alaska Corporation for Affordable Housing (ACAH).

- Susitna Square (18 units, 18 project-based vouchers) was ready for occupancy September 1, 2015.
- Ridgeline Terrace (70 units, 63 project-based vouchers) was ready for occupancy January 8, 2016.

Regulation Citation

- MTW Agreement Attachment D signed January 30, 2012.
- AHFC will follow the guidance set forth in PIH Notice 2011-45.

2015-1 Modify Reasonable Rent Procedure for 5 Percent FMR Decrease

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors	May 14, 2014
Reviewed by HUD	April 6, 2015

This activity was implemented on March 20, 2017 with Numbered Memo 17-13. Effective April 1, 2017, AHFC began this new process. There were no changes to the payment standard in this reporting period.

2. Description/Impact/Update

Current HUD regulations require a PHA to re-determine rent reasonableness within 60 days of a five percent decrease in the Fair Market Rent (FMR) for any unit under contract. Under Moving to Work Activity 2011-2, Local Payment Standards, AHFC sets each voucher jurisdiction's payment standard to respond to local market conditions. These are monitored annually and any changes of 5 percent or more in the local market requires an adjustment of the payment standard. Payment standard evaluation and adjustment will not typically occur at the same time that HUD publishes revised FMRs.

AHFC will continue to evaluate rent reasonableness prior to signing any new HAP contracts for families that wish to move and for landlord rent increase requests. For those families that are renewing their HAP Contract for their current unit, AHFC will conduct rent reasonableness as part of each family's regular examination process. The revised payment standard and rent reasonableness would coincide with the effective date of the family's examination.

AHFC expects that this activity will have minimal impact to families as Step Program families receive a reduced percentage of the payment standard each year, and Classic Program families receive triennial examinations.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

Impacts

Overall, rental costs are increasing in Alaska’s markets and we do not anticipate savings from the current HUD regulations. AHFC feels that larger savings are generated by the Step Program and its fixed subsidy schedule. We do gather data regarding the error rate of an inaccurate payment standard as part of our internal quality assurance.

2. Description

This activity will offer a security deposit assistance program for families to increase leasing, made possible through the MTW Program and the Local Non-Traditional Program as outlined in PIH-2011-45. Families will only be eligible to receive this payment once.

Statutory Objective

This activity addresses the statutory objective to increase housing choice for low-income families.

2. Description

AHFC re-proposed activity 2032-2 Alaska Corporation for Affordable Housing (ACAH) Fairbanks Developments as a continuous activity to develop Affordable Housing throughout the State of Alaska. The Alaska Corporation for Affordable Housing SBRA activities will be numbered as 2023-3 series.

- 2023-3a SBRA Program, The Meadows 18 units
- 2023-3b SBRA Program, Borealis Park 14 units

Alaska continues to experience escalating rents, increased aging populations and income failing to keep pace with climbing utility and housing costs. AHFC's subsidiary, the Alaska Corporation for Affordable Housing (ACAH), is working alongside federal, state, and local governments to address the need for affordable housing.

AHFC is proposing this activity to pursue the development of up to 60 units of Affordable Housing in a fiscal year and may draw down up to \$15 million of its MTW funding as opportunities arise. ACAH may seek other funding opportunities to finance the full cost of a development as this activity seeks to mitigate financing gaps. Developments supported by this effort may include, but are not limited to properties leveraging Low Income Housing Tax Credits (LIHTC), HOME Investment Partnerships Program, and other funding sources.

Analyses of growth, needs of special populations and income will identify the communities most in need of affordable housing. A challenge in Alaska's market after development is maintaining the unit's affordability in this unprecedented competitive housing market. The use of Sponsor Based-Rental Assistance (SBRA) will ensure low-income families are able to rent these units. AHFC is proposing to offer up to 60 units of SBRA in the fiscal year that eligible families are housed. AHFC has a demonstrated history of increasing housing choices for various populations utilizing SBRA funding in competitive processes. This noncompetitive process with ACAH will target more specialized needs such as the senior housing and family housing demonstrated in the Fairbanks development activity 2023-3a.

AHFC will utilize the MTW Reporting process to advise of development opportunities procured under this activity including the amount of Sponsor Based-Rental Assistance units. To ensure compliance with the Department of the Treasury's cash management requirements, funds will be drawn down when they are due and payable.

2023-3b Sponsor Based Rental Assistance, Borealis Park

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors	April 27, 2022
Reviewed by HUD	July 19, 2022

The policy exhibit was distributed on January 25, 2025 with Numbered Memo 25-04, and it was effective February 1, 2025. AHFC issued payment for the HAP payment in January 2025. This is a local, non-traditional program.

1. Description

Alaska Housing Finance Corporation's subsidiary, Alaska Corporation for Affordable Housing (ACAH), constructed an affordable housing development in Fairbanks, Alaska for 40 family units. This development will consist of 18 one-bedroom units built in accordance with UFAS, 17 two-bedroom units with one unit built in accordance to UFAS, and 5 three-bedroom units with one unit built in accordance to UFAS.

These units will be owned and operated by ACAH, a 501(c)(3) non-profit subsidiary of AHFC. The term for these new units to remain categorized as affordable will be subject to LIHTC rules. ACAH will be required to submit a monthly billing statement showing occupancy of the building, tenant contribution to rent, and AHFC subsidy. ACAH will be responsible for monitoring the requirements of their program and calculating annual income.

AHFC anticipates using its streamlined Moving To Work calculation Set Aside rules (see Activity 2014-1). These developments are funded with a combination of funds including Low Income Housing Tax Credits and Sponsor-Based Vouchers. The LIHTC program allows admission of families up to 60 percent of area median income and AHFC anticipates using this income limit.

AHFC does not plan to institute a term limit on assistance to the residents of the building. The only restriction is the term of the HAP Contract and the termination of the Moving to Work Demonstration Program.

This activity addresses the statutory objective to increase housing choice for low-income families.

2024-01 Landlord Appreciation Program

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors	April 26, 2023
Reviewed by HUD	August 11, 2023

The policy exhibit was distributed on December 14, 2023 with Numbered Memo 23-29, and it was effective January 1, 2024.

2. Description

This activity was proposed under the name of “Landlord Incentive Program”. Through the MTW Program, PIH 2022-18, AHFC proposes to offer a landlord appreciation program to increase Housing Choice Voucher leasing by encouraging landlord participation, retaining existing landlords, and to broaden the geographic footprint of housing units available to HCV participants. Upon successful HQS inspection and executed HAP Agreement, AHFC will offer a landlord incentive payment for each executed long-term lease. To retain current Housing Choice Voucher landlords, AHFC will also offer incentive payments for each executed lease renewal.

Statutory Objective:

Increase housing choices for low-income families

Authorization

- Attachment D of the MTW Agreement signed January 30, 2012.
- Attachment C paragraph B.1 Regulation Citation
- PIH 2022-18

Impact

This activity serves to remove and reduce barriers preventing low-income families from leasing quality housing especially in areas of opportunity. Overall, the landlord

appreciation program attracted returning and new landlords, which increases both the number of landlords accepting vouchers and the housing stock. The program started in January 2024 and for Fiscal Year 2025 AHFC paid 1,445 incentives to 678 unique landlords.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

2024-02 New Start Voucher Program

1. Plan Year Approved, Implemented, Amended

Approved by the AHFC Board of Directors	April 26, 2023
Reviewed by HUD	August 11, 2023

The policy exhibit was distributed on September 16, 2023 with Numbered Memo 23-26, and it was effective October 1, 2023.

2. Description

This activity was proposed under the name of “Stabilization Voucher Program”. Due to a special purpose voucher program with a similar name, AHFC renamed this activity to the New Start Voucher Program. With the support of AHFC’s HUD-held HAP reserves this activity supports up to 400 vouchers in AHFC’s voucher jurisdictions of Anchorage, Homer, Fairbanks, Juneau, Ketchikan, Kodiak, Mat-Su, Petersburg, Sitka, Soldotna, Valdez and Wrangell. Families assisted through AHFC’s Planning and Program Development Department’s (PPDD) Stabilization Program, funded through Emergency Rental Assistance (ERA) funds, will begin to reach their assistance limits beginning in April 2023. This activity will target those families exiting the Emergency Rental Assistance Funded Stabilization Program to ensure a continuous and affordable housing solution.

Any family receiving assistance through the ERA funded Stabilization Program that meets Housing Choice Voucher Program qualifications, is eligible for a referral to the New Start Voucher Program. Families will then be invited to participate in the Classic or Step Voucher Program based on these AHFC approved 2014-1A Population Definition:

Classic Program Family is defined as 100 percent of adult household members who are either a person with a disability (as defined in 24 CFR 5.403) or 62 years of age

or older. These families may include a live-in aide (as defined in 24 CFR 5.403), minors, or full-time dependent students.

- Full-Time Student is defined as a dependent adult under the age of 24 who is enrolled as a student at an institution of higher education and meets the school's definition of full-time enrollment.
- AHFC will continue to disregard any income earned by an individual while full-time student status is maintained.

Step Program Family is defined as any household that does not meet the definition of a Classic family. Specifically, any household that includes at least one work-able adult.

- Voucher assistance is limited to five (5) years, with the possibility of two additional one-year terms based on the family's shelter burden at time of exit and willingness to participate in Jumpstart supportive services.
- A family's first year of assistance is based on a family contribution of 28.5 percent of gross monthly income. A family's contribution is then gradually stepped up; AHFC pays a percentage of the payment each subsequent year as follows.
 - 60 percent of payment standard in year 2
 - 50 percent of payment standard in year 3
 - 40 percent of payment standard in year 4
 - 30 percent of payment standard in year 5

See the Activity 2014-11 Hardship Policy and Process for a description of the hardship process.

Rent Reform/Term Limit Information

This program will be administered exactly the same as our current Step and Classic Program (see Activity 2014-1) with the exception that these families will be selected from referrals and there is no portability on this program.

Families that transition to the New Start Voucher will be absorbed into the HCV program when the waitlist is exhausted or on a triennial schedule; whichever comes first.

Authorization

- HUD definitions of Working Family, Disabled Family, Elderly Family, and Full-Time Student at 24 CFR 5.403 and 24 CFR 5.612 are used to define Classic Program participants.

Impact

AHFC continues to support 400 vouchers to assist families transitioning off of the rent relief assistance program. In fiscal year 2025, 142 families were served and an additional 62 families were issued vouchers.

Hardships: There were five applications for a bridge hardship during this fiscal year. Four were approved and one was ineligible due to not meeting the qualifiers. These numbers are included in Activity 2014-1I Hardship Policy and Process.

2. Description/Impact/Update

This activity proposes a set aside of ten (10) percent of AHFC’s current voucher allocation (approximately 440) in AHFC’s voucher jurisdictions of Anchorage, Fairbanks, Juneau, Mat-Su, and Soldotna to create a Step Set Aside voucher program.

Families will be able to apply for both the Housing Choice Voucher waiting list in a community (if it is open) as well as the new Step Set Aside waiting list. Each jurisdiction will maintain and manage its own waiting list, in the same manner utilized for other AHFC programs. When a family’s name reaches the top of the Step Set Aside waiting list, families will be advised of the program structure and obligations in writing; families can decide to go through the eligibility process or remain on the Housing Choice Voucher waiting list. Any family that meets Housing Choice Voucher Program qualifications is eligible to apply for the Step Set Aside Program voucher. The only additional qualification is that the family agrees to meet the conditions of the Step Program voucher. Those conditions include:

Voucher assistance is limited to five (5) years, with the possibility of two additional one-year terms based on the family's shelter burden at time of exit and willingness to participate in Jumpstart supportive services.

A family's first year of assistance is based on a family contribution of 28.5 percent of gross monthly income. A family's contribution is then gradually stepped up; the family receives a percentage of the payment each subsequent year as follows.

60 percent of payment standard in year 2

50 percent of payment standard in year 3

Offer down payment assistance in lieu of a monthly HAP payment. AHFC currently has 16 homeowners receiving assistance for homeownership under a HAP plan. AHFC suspended applications for this program in 2008, when administrative costs exceeded planned expenses. The Board of Directors approved the permanent closure on March 9, 2011.

Statutory Objective

- Give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational, or other programs that assist in obtaining employment and becoming economically self-sufficient
- Increase housing choices for low-income families

MTW Authorization and Need

Attachment C, paragraph D.8.a (no change)

Regulation Citation

AHFC staff have developed a proposal to include a homeownership track for those families that are enrolled in Jumpstart. A preliminary outline of the activity will be presented to senior management in Fall 2025.

2010-1 Reexamination of Income

1. Description

Transition elderly and disabled families on fixed income to a biennial examination schedule. This activity was implemented by staff with Numbered Memo 10-45 on December 7, 2010. After comments from staff, AHFC implemented this for elderly/disabled Public Housing residents only with Numbered Memo 11-08 on January 27, 2011.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

MTW Authorization and Need

Attachment C, paragraph C.4 (changed, HCV eliminated)

Regulation Citation

24 CFR 960.257

2. Closure Reason

This activity is closed as AHFC's reasonable rent activity implements an alternate annual family income calculation. This activity has been incorporated into MTW Activity 2014-1 Reasonable Rent and Family Self-Sufficiency Initiative. This activity is completed.

3. Final Outcomes and Lessons Learned

This activity is closed as part of the submission of the FY2014 Annual Plan.

Staff reported positive results from reducing the number of annual examinations for families with all adults on fixed income. Success in this activity led to the use of a triennial examination schedule for Classic Program families. We also learned that the more complicated rent calculation method proposed under this activity was difficult to administer. This led to the development of the simple 28.5 percent calculation under activity 2014-1.

Describe any Statutory Exceptions that Might Have Provided Benefit to Activity

No comments at this time.

Summary Table

Because this activity was changed from all elderly/disabled households to just Public Housing elderly/households, the original benchmark was revised.

Metric	Baseline	Benchmark	Outcome
Number of reexaminations a year	Zero	Reduction of 1,300 reexaminations a year	Modified in January 2011

Revised Metric	Baseline	Revised Benchmark	Outcome
Staff time to perform annual examinations for a population on fixed income	Zero	Reduction of hours spent in reexamination of 100 percent elderly/disabled families.	462 families are 100 percent elder/disabled. This equates to a savings of 347 staff hours every year (1.5 hrs/exam x (462 ÷ 2) exams/yr.).

2010-4 Rent Simplification

1. Description

Alternate rent structure. This activity began with non-MTW activity Interim Reexamination Policy and MTW activities 2010-2 and 2010-3. This activity was closed in the FY2013 MTW Report for the period ending June 30, 2013.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

MTW Authorization and Need

Attachment C, paragraphs C.11 and D.2.a (no change)

Regulation Citation

24 CFR 5.609

2. Closure Reason

With the implementation of Activity 2014-1 Reasonable Rent and Family Self-Sufficiency, this activity was no longer needed.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2013 Annual Plan.

Staff reported positive results from former activity 2010-2 (Asset Threshold) as it decreased staff time verifying small asset balances. It also decreased error rates for posting and updating small asset balances. Positive results from this activity encouraged the incorporation of former activity 2010-2 into activity 2014-1 as 2014-1h.

Former activity 2010-3 (EID Elimination) showed immediate results in the decrease of staff administrative time. AHFC wanted to incentivize families to increase income from wages, but past results from the Earned Income Disallowance did not produce long-term results by

encouraging families to retain employment once the disallowance period ended. AHFC considered these results when evaluating how to better incentivize families to retain employment.

2010-11 Project-Based Voucher Assistance in Transitional Housing

1. Description

Project-based vouchers for no longer than 24 months in transitional housing that serves homeless or hard-to-serve populations. AHFC is serving part of the homeless population through its Returning Home Program (2010-9), Sponsor-Based Rental Assistance Program at Karluk Manor (2012-4), Forget-Me-Not Manor (2018-1), and Dena'ina House (2018-2), Making A Home Program (2013-1), and Empowering Choice Housing Program (2013-2).

Statutory Objective

Increase housing choices for low-income families

MTW Authorization and Need

Attachment C, paragraph B.4 (no change)

Regulation Citation

24 CFR 983.53

2. Closure Reason

AHFC has not pursued project-based vouchers in a transitional facility as AHFC has targeted voucher funds to specific, vulnerable populations (persons displaced due to domestic violence, persons with disabilities receiving state-funded services, homeless veterans, homeless youth, and two Housing First developments). AHFC continues to speak with its community partners for possible opportunities using this flexibility.

2010-12 Local Preferences

1. Description

Remove a homeless or substandard housing preference from a family that refuses to accept an offer of one or more Public Housing units.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

MTW Authorization and Need

Attachment C, paragraph C.2 (no change)

Regulation Citation

24 CFR 982.205

2. Closure Reason

On July 1, 2012, AHFC altered its application process to remove the availability of preferences in favor of a list that is ranked by date and time of application. AHFC honored those families who applied for a preference-based waiting list. AHFC exhausted its last preference-based waiting list in FY2017. This activity is closed.

3. Final Outcome and Lessons Learned

AHFC never instituted this activity as we eliminated preferences from all our waiting lists. As those lists were being exhausted and closed, the need for this activity diminished. AHFC had proposed this activity as families with homeless preferences were declining a public housing unit offer while they “waited” for a voucher.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

MTW Authorization and Need

Attachment C, paragraph D.1 (no change)

2. Closure Reason

AHFC will continue to develop forms that are based on HUD forms and will identify those needed forms as part of each activity.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2015 Annual Plan.

2012-3 Waiver of Automatic Termination of HAP Contract

1. Description

Waive HUD regulations at 24 CFR 982.455 that require AHFC automatically terminate a HAP contract 180 days after the last housing assistance payment to the owner.

Attachment C, paragraph D.1.a and paragraph D.2.d. (no change)

Regulation Citation

24 CFR 982.455 and language in the Housing Assistance Payments Contract, Part B, Section 4, Term of HAP Contract.

2. Closure Reason

With the implementation of Activity 2014-1 Reasonable Rent and Family Self-Sufficiency Initiative, AHFC provided time-limits to its work-able families. The remaining population,

Classic Program families, consist of elderly and disabled families. These are the most vulnerable families, and AHFC does not wish to place restrictions on these families.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2018 Annual Plan.

AHFC implemented its rent reform activity prior to implementation of this activity. As a result, no baselines or benchmarks were developed.

2013-3 Income Limits

1. Description

In order to address community concerns about services to those most disadvantaged due to inadequate access to decent, safe, and sanitary housing, AHFC is proposing to lower its income limits to serve those populations most in need.

Statutory Objective

Increase housing choices for low-income families

MTW Authorization and Need

- Attachment C, paragraph C.5 (Public Housing admission) (no change)
- Attachment C, paragraph D.3 (Housing Choice Voucher admission) (no change)

Regulation Citation

In the Moving to Work Agreement (Section II.D), AHFC agreed to ensure that at least 75 percent of families assisted are very low income (50 percent of area median income) families. AHFC continues to measure this compliance each year as part of its annual reporting process.

2. Closure Reason

This activity has been incorporated into AHFC's Moving to Work planning process. With the implementation of set-asides for vulnerable populations, AHFC feels it has addressed the need for affordable housing for its poorest and most vulnerable families.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2016 Annual Plan

AHFC's certification as part of its Annual Report demonstrates that AHFC continues to serve the poorest families in its jurisdictions.

Summary Table

This was achieved through development of the Empowering Choice Housing Program (Activity 2013-2), Making A Home Program (Activity 2013-1), Moving Home Program (Activity 2010-10), Returning Home Program (Activity 2010-9), and Sponsor-Based Rental Assistance Programs (Activities 2012-4, 2018-1, and 2018-2).

2014-1f Ineligible Noncitizen Proration

1. Description

This supporting activity offers an alternate methodology for prorating the assistance available to families with ineligible noncitizen members. Current regulations require:

- Public Housing - AHFC must formulate a "maximum" subsidy each year and update it.
- Voucher - AHFC can give families an estimated figure of their prorated subsidy, but the final figure depends upon the gross rent of the unit rented.

Both procedures are administratively burdensome for the low numbers of ineligible noncitizens in AHFC's portfolio. For a family with ineligible noncitizen members in the household, AHFC will deduct \$50 from the family's subsidy as long as the ineligible noncitizen members reside in the household.

Statutory Objective

As listed under 2014-1 above.

Authorization

- Attachment C, paragraphs C.4 and C.11. (no change)
- Attachment C, paragraphs D.2.a and D.3.a. (no change)

Regulation Citation

HUD regulations at 24 CFR 5.520.

2. Closure Reason

This activity is closed as part of the submission of the FY2026 Annual Plan, but due to timing difference, is closed on the FY2025 Report to comply with HUD's directive.

3. Final Outcome and Lessons Learned

Staff reported positive results as it decreased staff time calculating prorated assistance and decreased error rates for posting for this minimal population. Of the populations

served, mixed families are minimal and the flat subsidy deduction administratively is easier for families to understand.

AHFC applies this activity to the following special purpose vouchers: Emergency Housing Voucher Program, Foster Youth to Independence Initiative Voucher Program, Mainstream Voucher Program, Non-Elderly Disabled Voucher Program, Stability Voucher Program, and Veteran Affairs Supportive Housing Voucher Program.

2014-2 Use of TIC Sheets for PBV Income Calculations

1. Description

For project-based voucher (PBV) developments that also utilize Low Income Housing Tax Credit (LIHTC) Program financing, AHFC would like to substitute the LIHTC Tenant Income Certification (TIC) for income and asset verification and determination of subsidy.

Statutory Objective

Reduce cost and achieve greater cost effectiveness in Federal expenditures

MTW Authorization and Need

Attachment C, paragraph D.2.a. and paragraph D.3. (no change)

Requested Regulation Waiver

HUD regulations at 24 CFR 983.2(c)(6)(ii) which refers to 24 CFR 982.516.

2. Closure Reason

AHFC began talks with the operator for its project-based vouchers and discovered after further consultation that AHFC staff would prefer to mirror traditional Classic and Step Program calculations for ease of administration. AHFC began the process of converting its current traditional project-based voucher families to a streamlined rent calculation instead.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2018 Annual Plan.

Initial cooperation with third-party managers of properties with project-based vouchers demonstrated that this might be an administrative efficiency that AHFC could implement. Further discussions with these managers after implementation of rent reform revealed that these managers liked AHFC's Classic and Step program models. AHFC has since

implemented these models for new developments (Ridgeline Terrace and Susitna Square) and implemented the streamlined calculation method (2014-1h) for existing project-based locations.

2016-1 Section 811 Sponsor-Based Assistance Match

1. Description

Formerly called the Housing First Sponsor-Based Assistance RFP. Under the Moving to Work Demonstration Program, housing authorities have the authority to fund rental assistance outside of Section 8 and 9 regulations under the 1937 Housing Act. When this activity was first proposed in AHFC's FY2018 Annual Plan, PHD planned to collaborate with our Planning Department to offer additional project-based vouchers to incentivize owners to participate in the Section 811 project-based rental assistance program.

2. Closure Reason

AHFC had solicited two proposals for the award of these funds with unsuccessful responses prior to the selection of its current partner. At this time, none of the private market owners that dedicated units to Section 811 project-based vouchers want the additional units offered by the Public Housing Department.

PHD offered to change the form of additional subsidy from a project-based voucher to sponsor-based rental assistance for ease of administration. At this time, AHFC has not received any new requests for Section 811 project-based rental assistance.

The State of Alaska was anticipating that more private market owners would choose to participate in this program. Because the response level was low, the State of Alaska has families that would qualify under this program unable to secure a unit. As a result, the State of Alaska has dedicated monies to a tenant-based program in partnership with AHFC. At this time, the monies will serve approximately ten (10) families per year.

3. Final Outcome and Lessons Learned

This activity is closed as part of the submission of the FY2025 Annual Plan.

AHFC and the State of Alaska anticipated more participation in this program. Owners prefer utilizing housing choice voucher assistance in lieu of project based vouchers.

A.3 Describe Actual Use of MTW Single Fund Flexibility

During FY2025, AHFC exercised its MTW flexibility to allocate MTW revenues among our housing and administrative programs. AHFC used single fund authority to support the following local programs:

- Help resident and voucher households in its Jumpstart program (see Activity 2014-1d) achieve greater economic stability through attaining education goals, overcoming barriers, and gaining job opportunities through the payment of incentives.
- Offer rental assistance to vulnerable, very low-income persons that may not be normally served in traditional HUD programs (see Activities 2012-4, 2013-1, 2013-2, 2018-1, and 2018-2).
- Pursue low-income housing acquisition, development, preservation, and rehabilitation to increase the capacity to serve more low-income people through ACAH-owned developments (see activities 2023-3).
- Provide direct support of local low-income housing operations and capital repairs to ensure safe, decent, and affordable housing.
- Leased a mixed-use property to serve as a combined office and maintenance facility at 700 Bragaw St Anchorage AK. This facility merged Asset Management Project (AMP) offices serving Anchorage located at 1525 Boniface Pkwy for AMP 274 and 801 Karluk St for AMP 271 to reduce redundancies and create a centralized office and maintenance facility for Anchorage's AMP Sites.
