

WOM 2026—April 1, 2026 Update List

WOM 2026 includes sections and forms from previous versions of the WOM, which are still current.

Only sections and forms that have been revised for 2026 are in the list below. The list **excludes** minor revisions to reformat content, to update terminology, and to correct grammatical and numeric sequencing errors.

- Section page numbers/form numbers appear in the first column.
- The second column indicates revised and/or new content.

Title Page	PY updated
Section 1	<i>Table of Contents</i> revised
1-31	<i>Commercial Use</i> revised
Section 2	Table of Contents revised
#4	<i>AHFC Travel & Expense Guide</i> [for State funds] added

Attachment	<i>Alaska DOE Health and Safety Plan (Current Edition)</i> revised
Attachment	<i>Alaska DOE State Plan (2026 Edition)</i> will be posted online upon DOE approval
Attachment	<i>DOE Special Terms and Conditions (Current Edition)</i> added

There are two ways to download the current WOM from AHFC’s website.

<https://www.ahfc.us/efficiency/weatherization/weatherization-operations-manual>

1. To obtain one file (pdf format) that includes all pages of the WOM, copy and paste the URL above into a browser. Then, click on the *Weatherization Operations Manual 2025 (Complete)* link.

Note: To print from this all-inclusive pdf file, select page ranges for each section/form and print one- or two-sided accordingly, or print a complete one-sided original and make one- or two-sided copies from the hard copy.

2. To print or save sections and forms individually, click on the individual file links on the same web page. Some forms are in file formats for editing or making calculations.
